It will be some time in the dim future when an irrigating ditch is opened on Walter street.

If all the people who want to fight Spain, will go to work things will boom in this country.

The Optic says: "Let us all drop politics and work for New Mexico." Let's wait until after the spring election.

The people of Socorro are so busily engaged in farming operations that the war talk has not stirred up that community.

The annual production of salt in the United States, according to the most recent figures, is about 14,000,000 barrels of 200 pounds each.

Fifty carloads of exhibits for the trans-Mississippi exposition have arrived at Omaha and the main buildings will soon be ready to receive them.

OMENUSSES were originally started in Paris in 1802. They died out, however, and were not revived until 1897. Two years later they were adopted in London.

In the twenty-four books written by Charles Dickens, there are 1,435 characters. All of them are true to life with the exception of those whom the author tried to make too good.

The Cerrillos Register interviews a number of the citizens of that enterprising town, and most of them want to whip Spain while the amateur is being built for the reduction of San Pedro ore.

LYNCH law will gain many enemies through the recent discovery that the two Indians tortured to death in Oklahoma territory some weeks ago, because of their alleged murder of a white woman, were innocent.

THERE are 1,001 students at the Pope's Gregorian University of Rome this year, 300 more than in the last year before the Italian took the city. Of these 606 study theology, 307 philosophy and 75 canon law.

MORE persons are buried on the isthmus of Panama than in any equal area of ground in the world. It has often been said that every life on the railroad running across the isthmus represents the loss of a human life.

THE federal office at El Paso have been a bone of contention for several months, and at last are happily settled. Moses Dillon secured the collectorship of that port of entry, and Robert F. Campbell captured the postoffice.

THE New Mexican says: "The republicans of Albuquerque have about concluded to nominate Frank W. Clancy as a candidate for mayor at the coming city election. A most excellent selection, and one, if carried out, that will bring the party many votes."

BRITISH trade ships are about to apply to the Revenue. Liverpool has sent out on the steamer Maunabo, bound for St. Michael, the largest cargo of liquor ever shipped. It includes 14,000 cases and 1,000 barrels of spirits, chiefly whisky, and 9,000 barrels of beer.

THIS human hair is six inches in length, four inches in diameter, and weighs on an average of seventy times a minute, 4,300 times an hour, 100,800 times a day and 36,702,000 times in the course of a year, so that the heart of an ordinary man 80 years of age has beaten 3,000,000,000 times.

BECAUSE OF THE will come forward and claim that reward of \$50,000 offered by the New York Journal for the discovery of the cause of the Maine explosion, that journal announces that it will send its own men to make the investigation. All of which is nonsense, from the fact that none but government explorers will be permitted at the wreck.

THE LATEST NEWS  
The Socorro Chieftain says that it gives the latest telegraphic news concerning the prospective troubles with Spain over the blowing up of the battleship Maine, "ruled from the latest dispatches in our exchanges, for which we are chiefly indebted to the St. Louis Globe-Democrat and THE ALBUQUERQUE CITIZEN." The Chieftain should bear in mind that THE CITIZEN dispatches reach the people of New Mexico forty-eight hours in advance of the Globe-Democrat. A war telegram two days old is stale news.

WHO DECLARES WAR?  
A great many people whose voices are raised in favor of hostilities with Spain suppose that the power of declaring war is vested in the president of the United States. Not so; this important function is given by our constitution to congress. In section eight of that document is found the grant: "That congress shall have power to declare war, make rules of capture and reprisal, and grant letters of marque and reprisal, and make rules concerning captures on land and water."

If an act declaring war against Spain were passed by the senate and house of representatives, it would have to be submitted, like other acts, to President McKinley. He would either sign or veto it. In case he returned this act to the house in which it originated, together with his objections thereto, it could only become operative by receiving a two-thirds vote of each house. It is to be presumed, however, on no vital an occasion as a ques-

tion of peace or war, all partisan and personal feeling in Washington would be subjected to a strict and lofty sense of public duty, that both houses and the executive would present a united front, and that any declaration of war which should pass the senate and house of representatives, would meet with the hearty approval of President McKinley.

The Mexican war started off without a declaration of war in the strict sense of the term, congress merely declaring that a state of war already existed, after the battles of Palo Alto and Resaca de la Palma had already been fought on our side of the Rio Grande.

Household Gods.  
The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For centuries, coughs, colds and all the affections of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money refunded. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free trial bottles at J. H. O'Reilly & Co.'s drugstore.

Carradine, of St. Louis, one of the most successful evangelists in the American pulpit. All are cordially invited to attend these services. Come early and bring a friend with you. The services will continue for ten days and after Sunday will begin promptly each day at 10 a. m. and 7:30 p. m.

I desire to attest to the merits of Chamberlain's Cough Remedy as one of the most valuable and efficient preparations on the market. It broke an exceedingly dangerous cough for me in 24 hours, and in gratitude therefor, I desire to inform you that I will never be without it, and you should feel proud of the high esteem in which your remedies are held by people in general. It is the remedy among ten thousand. Success to it.—O. R. Downey, Editor Democrat, Albion, Ind. For sale by all druggists.

The Petaca Grant Case.  
Information from Washington on Thursday says the supreme court has affirmed the decision of the United States court of land claims in fixing the area of the Petaca grant at eleven square leagues. The claimants, ex-congressman Farwell, of Iowa, and his son, a banker at La Junta, Colo., appealed from this decision, claiming that it was much less than they were entitled to. The property is valuable for its timber.

David Weinman, of the Economist, telegraphed to Colonel Lewinson that he would return to the city from New York on Monday or Tuesday evening of next week, and that he will soon thereafter offer extremely fine bargains to the public. With Phil Farmer, the head clerk, on the stock list, and Mr. Weinman absent, Colonel Lewinson has truly been kept exceedingly busy the past few weeks.

BEST OF ALL  
To cleanse the system in a gentle and truly beneficial manner, when the spring-time comes, use the true and perfect remedy, Syrup of Figs. Buy the genuine. Manufactured by the California Fig Syrup Co. only, and for sale by all druggists, at 50 cents per bottle.

Col. A. W. Harris, the capitalist from Sierra county whose winter home is in this city, has a force of workmen putting the old city property, which he recently acquired possession of, into good shape. This property, when under the management of Joe Girard died, and then Mrs. Smith, died a good business as a hotel, and it is likely that Col. Harris will lease it for hotel purposes.

Rich men are noted for their economy in small purchases. You will not need to buy coal often as summer approaches, but you should be just as careful to see that you get the kind that goes the farthest by buying Cerrillos coal from Hahn & Co.

President McKinley may declare war with Spain any day but this fact will not prevent F. F. Trotter keeping his store on Second street the best stocked with groceries of any in the territory.

The famous Yellowstone whisky, different ages and prices, in bulk and bottles. Melial & Eakin, exclusive distillers agents, 111 south First street.

## THE TOWNS OF NEW MEXICO

### Items Culled and Classified from Our Territorial Exchanges.

#### NEWS OF INTEREST TO ALL KINDS OF READERS

SANTA FE.  
From the New Mexican.  
A. Stash and daughter, Miss Bertha, returned Thursday evening from a lengthy visit to New York.

About 70 convicts and other laborers are at present employed in the work on the capital building.

It is reported on apparently good authority that 100 miners recently went from Madrid to the Cochiti mining district, and that they all secured employment.

Attorney Easley Thursday filed in the local United States land office an application to patent the Abe Lincoln mine, of the Lincoln-Lucky-Low group, at San Pedro, Nell B. Field, claimant.

The collector of Santa Juan county has not yet made a return to the territorial treasurer of his tax collections for the month of January. He is the only delinquent in this important respect in the territory.

United States Attorney Reynolds left St. Louis Wednesday for Washington, where he will argue some Arizona land grant cases before the supreme court of the United States. He was accompanied by O. H. Filipp, who will assist in the preparation of the cases.

A. M. Burgess, clerk of the district court, has rented the comfortable adobe house adjoining the residence of Hon. T. B. Catron, and will soon begin house-keeping there. He has already received his furniture from Los Lunas.

Manager Townsend, of the local Postal Telegraph office and manager of the New Mexico Telephone company, has an engagement to meet O. P. Posey, superintendent of the Cochiti Gold Mining company, at Bland, on next Thursday, for the purpose of a serious conference with reference immediately to connecting the Cochiti mining district with Thornton and Santa Fe by means of a telephone system. Mr. Posey, with characteristic enterprise, proposes to afford the enterprise substantial aid.

From the Optic.  
Pablo Jaramillo will be deputy postmaster, on the west side.

Miss Beesie Sniffert, clerk at Rosenthal's, is again on duty after some days of illness.

A sewerage system is needed; in fact it is absolutely demanded in the business part of Los Vegas.

Frank Forsythe is laid up for repairs, having been slightly indisposed from a cold for two or three days.

Eugene Romero has been out for the first time in several days. He is slowly recovering from an attack of illness.

The Browns & Mannanores Co., Tuesday celebrated their fortieth anniversary, the business having been started in 1868, March 1.

Mrs. E. N. Moore, of Unionville, Mo., who has been at the Springs enjoying cottage life for a long time, will move to El Poverin on March 10.

Mrs. A. D. Tyler has returned home after an absence of six weeks, during which time she has visited at Chicago, Kansas City, Leavenworth and Topeka.

H. W. Harnes, a conspurative at the Central hotel, is a Knight of Pythias. His friends claim that he has not received the attention from his order, to which he is entitled.

H. L. Mabey has received the sad intelligence of the death of his mother, at Sidney, Kent county, England, not far from London. Mr. Mabey has the sympathy of all his friends.

Donna Teresa, a snake charmer from Denver, came in Thursday, bringing her pet snake, of the pine species and seven feet long. She went out to the Montezuma, taking the snake with her.

ALBUQUERQUE AT BLAND.  
From the Herald, March 4.  
Charles McCoy went out on Wednesday's stage to Albuquerque.

Norman Bletcher, largely interested in Cochiti mines, went out on Tuesday's stage to Albuquerque.

Harry Cooper, wife and baby, arrived from Albuquerque on Monday and have taken up their residence in the Hart house.

Robert Hindman, a partner of John S. Neeland in valuable Cochiti mining property, of Albuquerque, was an arriving passenger on Tuesday's stage, on business concerning his property.

John Trimble, the genial brother of W. L. Trimble, was a visitor at his brother's camp, "Trimbleville," during the week Judge W. C. Heacock came in on Saturday's stage on mining business, returning to Albuquerque on Tuesday to be back in a week.

Robert L. Donahill, the able superintendent of the Washington mine, returned from a business trip to Albuquerque by last Saturday's stage.

Mrs. Leonard and her brother, Fred Bletcher, went out last Saturday to Albuquerque, where Mrs. Leonard is under treatment for injuries by being thrown from her horse about a month ago. Mr. Bletcher returned to Bland on Wednesday.

A. E. Haggerty, who taught the Bland school last term and has been lately teaching school at Kingston, will be in to-morrow to become the bookkeeper for J. G. Cramer.

M. F. Myers, of the Ruby house, Albuquerque, returned to the county seat on Saturday's stage to complete arrangements for bringing his family up to the Cochiti. Mr. Myers has formed a partnership with Henry Bletcher, and together they will operate the latter's big boarding house at the Albarbari.

CERRILLOS.  
From the Herald.  
The Cerrillos Coal Railroad company, the Cerrillos Coal company and the Cerrillos Mercantile company, formerly known as the Madrid Mercantile company, have declined to pay the interest

## COCHITI MINING NEWS.

Mining Items of Interest Gathered and Gleaned from Authentic Sources.

A WONDERFULLY RICH DISTRICT.  
From the Bland Herald.  
The Bland mill continues to treat the Lona Star ore with the most satisfactory success.

Herman Clausen reports that he intends to increase the developments on the Julia in Colita canyon.

Charles Paxton continues working the Ellen L., gradually reaching that property's rich vein of gold quartz.

The Victor group of two Colita canyon's valuable properties, under lease and bond to Mrs. O. P. Posey for \$10,000, is soon to be worked extensively.

The new tunnel of the Puzzle on the east side of Colita canyon is being worked by T. H. Benson, who is making rapid strides along a fine looking contact.

Alex. Conrad has returned to Bland from having completed the assessment work on the Aunt Betsey and Climax, during which the veins of both have much improved.

George Ostrander is now working in a three-foot vein of fine ore on the King in Perata canyon. He is in some forty feet in the main tunnel, drifting along the vein mentioned.

A rich strike is reported from Perata canyon, it being on Thomas Sheld's St. Patrick, in Perata canyon, and consisting of a six foot vein of ore that will pay to ship from the start.

The little Mollie mine continues to show up well under the present development. Application for the patenting of this valuable property is soon to be filed by the fortunate owners.

A force of men is now steadily at work on the Lona Star mine, which is sending ore regularly to the Bland mill for treatment. A number of improvements have lately been made at the mine in the way of new ore chutes and other buildings.

It is probable that another big lease and bond will soon be closed, including the Dolly Varden, Emerald, Middleman, Aspinwall and Point Breese, five valuable properties in the east fork of Colita canyon, belonging to P. J. Barber, George C. Smith and F. L. Fraser.

The survey of the No. Name group of mines, which is under lease and bond to W. J. Cartan, of the Cochiti Gold Mining company, is about completed, and patent will be applied for at an early date. This valuable property will also soon come in for extensive development of a nature only surpassed by that of the Albarbari.

Meers, Bruce and Wilson are making rapid progress with their 200-foot contact drifting along the vein in the 100 foot level of the Crown Point mine. During the month of February they measured up seventy feet, and at present are making three feet and more a day. The rich streak of ore encountered in the south drift holds out well as depth is gained, and gives promise of becoming much richer.

Something to Know.  
It may be worth something to know that the very best medicines for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50 cents or \$1.00 per bottle at J. H. O'Reilly & Co's drug store.

## Rev. W. M. Slaughter,

OF WEST VIRGINIA.  
Writes of the Benefits Received From Dr. Miles' Restorative Nerve.

Dr. Miles' Restorative Nerve is particularly adapted to the restoration of health broken down by hard mental work. Rev. W. M. Slaughter of West Virginia, writes: "I suffered with extreme nervousness, dizziness, dull and nervous headaches and sleeplessness. My heart came to troubling me. I was short of breath from the least exertion, and suffered much with neuralgia in my left side. I am now a new man and feel perfectly well."

Dr. Miles' Restorative Nerve is a medicine and physician gave me no relief. I procured Dr. Miles' Restorative Nerve. Now I feel perfectly well. I sleep well, the dizziness and confused feeling have disappeared, my heart troubles me no more and I feel perfectly well. Dr. Miles' Restorative Nerve is sold by all druggists under a positive guarantee, full bottle benefits of money refunded. Look on each bottle for full particulars. Book on "Nervousness and Sleeplessness" free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.
